## Fall Election Results

This Fall, we shifted our elections to take place in Fall alongside the majority of other Greek life organizations on campus. We welcome the opportunity to allow many of our younger members the opportunity to step up and lead within not only the brotherhood, but the community as well. For our next President, and the second since our re-founding, brother Josh Munsey was elected. Owen Schertz was elected to our VP of Fraternal Development, who will be managing our budgets and working to maintain our status as a non-profit. Our new VP of Social Development will be Tony Paletta. Jay Reece, the incumbent for VP of Associate Member Education will retain his position following the great success of our last Associate Member class. Our VP of Leadership Development, who manages our philanthropic endeavors, will continue to be led by Chase Braddy. Our VP of Intellectual Development is now headed by Kevin Rapplean, which will both assist AME in maintaining academic standards for new members as well as assisting brothers in seeking scholarships and internship opportunities. Our new VP of Recruitment is Brandon Dutcher.

### How You Can Help

With home renovations underway and the fall semester approaching fast, every little bit helps! Please consider contributing to one of our funds at the bottom of our page or contact an executive member to ask how you can contribute to our chapter. Below are some of our focus points over the coming months.

- Philanthropy – Postponed, Date TBD
- Home Renovation – Ongoing

To all of our alumni donors and contributors, we sincerely thank you for your support.
